

August 2024

Here are a couple of testimonies from listeners.

**Luz María:** I was at a spa in Mexico one afternoon, and they put me on a bed in a steam room and left me for awhile. The radio was playing, and it was Radio Manantial. I don't remember the song that grabbed my attention, but I do remember the comments the announcers were making about God and Jesus. After a time my husband and I had to move from Mexico to the US because he was going to be kidnapped by a cartel. Because of the situation we were in I had very little contact with my family and friends in Mexico. But I relied on Radio Manantial to learn about God and how to live a Christian life. Many times when life has been difficult I have heard a song on Radio Manantial which gave me hope and comfort. I always tell others to listen to Radio Manantial so they too can be encouraged and edified.

**Nereida:** A lady I knew invited me to a Bible study, and she also suggested that I listen to Radio Manantial. I began to listen regularly, and it has been a great blessing to me. Once when I was going through a very difficult time, and a song came on the radio about how God is always in control. I cried out to God, and calm came into my heart and a peace I could not understand. This has happened to me more than once, and it has strengthened my trust in Jesus, and I know I can leave everything in His hands. I pray that God will bless others as they listen to Radio Manantial on a regular basis or if they just happen to tune in by "chance!"

Thankful  
Grateful  
& truly  
Blessed  
we

We thank God that he uses our small efforts to reach people for Jesus and encourage them in their daily walk. We realize you have choices where to give your money. Thanks for partnering with us in reaching the Mexican border with the Gospel.

In His love,

Paul + Shari
